LOGIX IN THE COMMUNITY

In 2007, Logix employees developed Community Stars to support local charities through financial donations and volunteerism. Logix employees make contributions to sponsored charities through payroll deductions and special fund-raising events. Through its Volunteer Time Off Program, employees are able to share their time during their normal work hours.

Every year, Community Stars foundation board selects charities to support, with final decisions being made by the Foundation's Board comprised of Logix employees. Each local charity must be located within 15 miles of a branch, and must not be religiously or politically affiliated.

Logix also offers a donation-matching program for employees who make contributions through payroll deduction.

These are the four charities Community Stars supports:

- Burbank Temporary Aid Center (www.thebtac.org)
- For The Troops (www.forthetroops.org)
- Penny Lane (www.pennylane.org)
- Santa Clarita Valley Senior Center (www.scvseniorfoundation.org)

VOLUNTEER-TIME-OFF PROGRAM

Established in 2008, the Volunteer-Time-Off Program allows Logix employees to receive company paid time off to volunteer in the community. Each employee can receive up to eight hours per year to volunteer during the work day. Throughout the year, employees organize volunteer opportunities to support Community Stars' nonprofit partners.

Lee National Denim Day

Since 2002, Logix employees have participated in this national fundraiser benefiting breast cancer prevention services. The program allows employees to wear denim to work in exchange for a \$5 donation.

One of L.A.'s Best Places to Work

At Logix, we know that fostering a happy and motivated workforce creates an outstanding service experience for our members. That's why we take great pride in being recognized as one of the 2011 Best Places to Work in Los Angeles by the Los Angeles Business Journal. In fact, the financial institution ranked No. 13 among large employers in L.A.

Logix is no stranger to these top honors. In 2007, the company was ranked No. 1 in the medium-sized company category of "California's Best Places to Work" program, sponsored by the Employer's Group.

*Logix is not affiliated with any of the nonprofit institutions listed above.
